Bhubaneswar, Odisha, India

Summary

Hey there!

I'm Avanish Padhy a first-year B.Tech Computer Science & Engineering at Siksha 'O' Anusandhan University, passionate about building impactful digital solutions.

My current focus areas are:

Full-Stack Web Development – designing and developing responsive, scalable applications

Artificial Intelligence & Machine Learning – creating intelligent systems that can adapt and learn

Problem-Solving & Logic Building – applying computational thinking to real-world challenges

I am committed to continuous learning, exploring emerging technologies, and applying my knowledge to projects that make a difference. My goal is to bridge creativity with technology — crafting solutions that are both functional and innovative. I'm here to learn, collaborate, and grow by connecting with developers, industry professionals, and innovators. If you share an interest in Full-Stack Development, AI, or ML, I'd be glad to connect and exchange ideas. I'm currently focusing on Web Development and Have a passionate interest to study and build AI/ML Projects along with a keen interest in Problem Solving.
